Subject: Speeds within the Willington village boundary

Speeding in the village is getting beyond acceptance.

Is it possible for the Parish Council to approach the police to ask CREST (or whomever) to bring their van and plant it somewhere, mainly on the 30mph sections, just as they "plant" it just coming onto A5132 by Swarkestone Nurseries towards Barrow-on-Trent?

Could you also chase the DCC Highways (or whomever is responsible) about the supposedly lit up "This is your speed" sign as you come along Repton Road into the village? Does anyone really take notice of that 30mph sign? Probably only when they're in a queue!
